

# CORONAVIRUS (COVID19)

## Here is how we are protecting you

At AHHOT we work to promote health & get people better.

We are responding to the threat that the Coronavirus has on our community.

### **Before entering the clinic**

Please wait in your car until we call you in for your appointment.  
Please leave rings and bracelets in your car.

Before coming in please let us know if;

- You have travelled from interstate within the past week
- You have travelled from overseas within the past 2 weeks
- You have a cough, sore throat, fever, difficulty breathing

If so we will reschedule your appointment or make arrangements for Telehealth review.

### **Upon entering our clinics**

We will ask you to wash your hands, by:

- Washing with soap & warm water
- +/- use of sanitiser (will depend upon dressings and wounds)

We will only be allowing our client and one carer if required into the treatment room.

### **Telehealth**

We are currently working with private insurers to ensure that telehealth services are approved for our clients. We have commenced undertaking review via internet and telephone with several clients, please discuss with us your needs such that we can satisfy them to the best of our ability.

### **OUR COMMITMENT**

As registered members of our professional associations, we have up to date knowledge and will be monitoring the advice that we have available to us through various bodies including SA Health and the Australian Health Profession Regulation Agency, Occupational Therapy Australia and the Australia Hand Therapy Association.

*Your AHHOT Team*

**your health is safe in our hands**
